Queridos Padres:

Cada año escolar hay preocupación en a cuando a llevar y traer seguros a nuestros estudiantes a la escuela y a sus hogares. Cuando el tiempo se pone peligroso en nuestra área, varios empleados escolares monitorean el clima y viajan en las calles de la ciudad y las calles rurales y carreteras para examinar su condición, en un esfuerzo para determinar si es seguro tener clases.

En ocasiones, las calles pavimentadas y carreteras son más seguras que las calles rurales. Debido a esto, el distrito escolar recientemente adoptó rutas de nieve para uso potencial durante los meses de invierno. Adjunto va un delineo de estas rutas. Muchas de las rutas no cambian de las rutas regulares usadas cada día escolar. Ahora bien, las rutas que solo son rurales y las rutas intermediarias que corren en la ciudad y también en las áreas rurales si han cambiado. Autobuses que corren en el campo solo viajarán en las calles pavimentadas, haciendo paradas en las intersecciones mayores de la ruta y paradas de las rutas rurales. Por favor tome tiempo para revisar la hoja adjunta y familiarícese con los cambios que le pueden afectar a usted.

Si el distrito decide usar la Rutas de Nieve, y usted vive en el campo y las condiciones no le permiten ir seguramente a una de las paradas establecidas de Ruta de Nieve, la ausencia de su hijo/a será excusada. Esta excusa le permitirá a su hijo/a recumerar trabajos escolares sin penalidades.

El distrito escolar hará el anuncio de las Rutas de Nieve usando los diferentes medios de comunicación en nuestra área. Usted puede hallar información sobre los planes para el clima y las Rutas de Nieve en nuestro sitio de internet, [www.marshallschools.com](http://www.marshallschools.com), en la columna a la izquierda abajo.

Gracias por su apoyo continuo al Distrito de las Escuelas Públicas de Marshall.

Sinceramente,

Brandon J. Russell  
Asistente del Superintendente
